

**Kömmerling®**

TODAY FOR TOMORROW

NOBLE. FUNCTIONAL. SUSTAINABLE.

**Kömmerling 76 centre seal  
AluClip**

# VISUALLY AND ENERGETICALLY A GOOD SOLUTION

## Kömmerling 76 centre seal AluClip

With AluClip we combine the high thermal and sound insulation of PVC-U and the noble look of aluminium. And all that with an almost unlimited range of colours.

### ALUMINIUM SHELLS

- Straight lined, offset window design with butt joined aluminium shells
- Aluminium look outside, neutral white inside
- Almost unlimited range of colours of the aluminium shells due to finishing techniques such as anodised or powder finishing

### SUSTAINABLE

- High thermal insulation centre seal system with 76 mm installation depth:  $U_f$  value = 1.1 W/(m<sup>2</sup>K)
- This results in a significant reduction in CO<sub>2</sub> emissions and high energy costs
- Resource-saving use of both materials

### USER-FRIENDLY

- Improved quality of life thanks to perfect sound insulation
- Improved security thanks to integrated burglary protection
- Weather resistant, easy to clean and robust
- Improved handling ease and reliable functionality through the use of state-of-the-art technology

### ADAPTABLE

- Great product diversity: House, balcony and terrace doors, parallel sliding-tilting doors

### INNOVATIVE

- For ultra-modern triple glazing or functional glazing with a thickness of up to 50 mm
- Large glazed areas and narrow, extremely stable profiles
